Quick Reference Guide

Stretch Film

Superior Holding Strength.
Economical.
Perfect For Shipping.

Wrap Tite Inc. Stretch Film is the safest and most economical way to ship packages from your business. With our broad range, you can select the stretch film best suited to maintain your shipments as they travel. Our stretch film protects your products from UV Rays, Static Electricity, Corrosion and Condensation to maintain satisfaction throughout. In this guide you'll find our standard items, but please note, custom sizes and thicknesses are available upon request. If you're not sure what you need, please consult your Wrap Tite Sales Representative.
