BLOWN-LIKE STRETCH FILM

Hand & Machine

WRAP TITE®

Great Puncture Resistance & Cling

Best for Wrapping B Loads

Satisfyingly Noisy Release

Competitive Price Point

Say goodbye
to the headaches of
telescoping challenges
often associated with
traditional blown film!

Wrap-Tite is pleased to announce its new family of "**Blown-Like**" films. Crafted with **great puncture resistance**, **unparalleled cling** and a **satisfyingly noisy release** reminiscent of blown film, these products are perfect for wrapping **B-loaded pallets**. Plus, they are all at a remarkably **competitive price point**!

We are glad to introduce the following 3 products as we work on expanding the product line further:

BLHF1880A - 18" x 80ga x 1500' (4 rolls/cs, 48 cs/skid)

BLHF1812A - 18" x 120ga x 1000' (4 rolls/cs, 48 cs/skid)

BLMF2080A - 19.7" x 80ga x 5000' (40 rolls/skid)
