May 1, 2020
Friends,

In light of the current corona related situation- and increased demand all over the world and very limited capacity- **our costs on confirmed orders are being increased as well as we are being asked double or triple prices on any new orders to ship with lead times extending up to Q2 2021.** We do not have a choice but to accept these increases so that we can continue in this business.

Based on the above situation we have to increase the prices on all the gloves by \$ 10-15/ master case- We are sorry to say that this may not be the last of the increases. We are in constant touch with the factories trying to get more shipments. We will keep you posted with the updates as and when they become available.

Please see or click the link below the new prices effective immediately- and we will continue with the normal allocation based on last 12 month's purchases.

We apologize for any inconvenience and we hope that you understand the situation.

If you have any question, please call your sales rep.

Sincerely,
WT Management
